## PRINCESS CRUISES

There's nothing like that first moment on a Princess ship - your whole vacation ahead of you, nothing to do but take it all in and let the excitement wash over you.

- A **warm, welcoming crew** who makes you feel completely at ease
- Surroundings that are **comfortably elegant**, yet relaxed and spacious enough you'll never feel crowded
- A **dazzling multi-story Atrium**, the heart of the ship where you'll find boutiques, lounges, an art gallery and more
- The **Italian-inspired Piazza** is a great place to meet friends for a drink with live music and street entertainers
- Inviting bars and lounges such as the stylish **Vines Wine Bar** and the nautical-themed **Wheelhouse bar**

Japan is known for its extravagant festivals all year long and August is a prime time to experience a variety of festivals featuring thousands of dancers, massive floats and entertaining singers.

## Medical & Dental Symposium at Sea

**PES Mission Statement:** Our mission is to provide quality global CE/CME programs for healthcare professionals, catalyzing opportunities for collaboration with national and international colleagues, while fostering cross-cultural perspectives and partnerships in healthcare education and the delivery of quality patient care.

**Seminar Overview/Statement of Purpose:**

Healthcare practitioners are currently faced with the challenges of both treating and preventing the ever-increasing incidence of chronic diseases in the US population. In addition, the need to adapt best practice models in the context of emerging healthcare reforms impacting patient care delivery and access to care is an important issue for all healthcare practitioners to address.

For the last 20 years, Japan has been ranked number one in the world with respect to both life expectancy and healthy life expectancy. But Japan should not be complacent simply because of its high life expectancy. Japan's healthcare system is fundamentally a system of universal health insurance coverage. Japanese citizens belong to either the national health insurance, workplace-based health insurance, or government-managed health insurance system. It is a free-access system with no gatekeepers that allows people to be examined and treated at the medical institutions of their choice, regardless of their symptoms.

We explore these challenges with in-country professionals provides opportunities for practitioners to enhance healthcare delivery models and best practices to prevent and control disease in cross-cultural environments.

**Planned In-Country Healthcare Topics Include:**

- National Healthcare Delivery Systems: Medical & Dental
- Emerging Healthcare Issues: Changing Demographics & Chronic Disease Patterns
- Cross-Cultural Competency & Healing: Strategies and Traditional Approaches
- Non-Communicable Diseases: Prevention & Treatment
- Emergency Healthcare Delivery: Tsunami, Earthquake, Nuclear & Beyond

**Educational Goals**

Our goal is to provide unparalleled CE/CME travel opportunities for healthcare professionals that combine their most passionate destination desires with their educational goals, fostering exceptional learning experiences, friendships and connections with national and international colleagues.

- Assure that healthcare education programs provide best practice models reflecting current issues in medicine and healthcare for providing quality patient care
- Provide professional educational exchanges with international colleagues, healthcare educational organizations and clinics to gain cross-cultural perspectives and updates in the treatment and prevention of disease
- Allow medical/healthcare professionals to compare and contrast current best practices in medical/healthcare delivery to provide quality patient outcomes in their own professional setting

**Learning Objectives**

Keep abreast of rapid expansion of medical knowledge and current best practice models on multiple topics to facilitate change and thus provide continually excellent patient care.

**Continuing Education Recognition Awards offered for healthcare professionals on this PES Program include:**

**Physicians:** This Program will be reviewed for 18 Prescribed hours by the American Academy of Family Physicians. AAFP Prescribed credit is accepted by the AMA as equivalent to AMA PRA Category 1 for the AMA Physician Recognition Award.

**Dentists:** The Professional Education Society is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

The Professional Education Society designates this activity for a minimum of 18 continuing education credits.

**Nurses:** The Professional Education Society is approved by the California Board of Registered Nursing, Provider Number CEP 5428, for up to a minimum of 18 contact hours. Although the California Board of Registered Nursing does not approve individual continuing education courses, providers are required by law to be approved by the Board. Reciprocity for continuing education hours for nurses is available in most states. Please check with your regulation board regarding requirements.

**For Other Healthcare Professionals:** Certificates of Attendance are issued to all participants attending credit sessions and can be submitted for credit approval to their professional board. In order to receive a Certificate of Attendance, registrants must sign-in, attend the programs and complete a program evaluation.

**Tax Deduction:** This healthcare seminar has been designed to comply with current IRS convention rules and deductibility requirements under Code Section 274(h)(1) as directly related to the conduct of the attendee's profession and meeting the reasonableness standard of the foreign seminar rules. The formal meetings will be scheduled with lectures and discussions. Seminars in conference rooms, clinics or hospitals will be conducted by in-country speakers as well as distinguished faculty of the Professional Education Society.

Documentation verifying the scheduling dates, locations, hours of attendance, certificate of participation, and appropriate certificate of continuing medical, dental or nursing education will be provided at the completion of the conference. Tax deductible benefits are not guaranteed and we recommend that every attendee should consult with their Tax Consultant about their Individual situation to determine the appropriate amount and reporting of deductible expenses.
