- Family and Friends Welcome

**The Professional Education Society invites you to join our CME/CE Seminar
for Medical, Dental, Nursing and Allied Healthcare Professionals**

Medical/Dental Needs in the Caribbean

Oasis of the Seas®

The ship that changed everything!

The ship that changed everything with its groundbreaking design! Hop on a classic carousel on the Boardwalk®, then watch acrobats splash down in the AquaTheater. Let imaginations soar in the Youth Zone—the largest kids' area at sea—or at the Pool & Sports Zone, where you'll find FlowRider® surf simulators. Unwind with a stroll in Central Park®—a meandering garden lined with shops and fine restaurants—or melt away stress at VitalitySM Spa. Jazz up your evening with Tony Award®-winning Broadway hit Hairspray, or hit the Royal Promenade. Join us onboard the ship that changed cruising—a world where innovation rules!

From snorkeling and swimming to shopping and golf, the Caribbean is the ultimate outdoor playground. What better way to learn, explore, experience than to be surrounded by white-sand beaches, turquoise waters and the most beautiful islands on earth?

Medical/Dental Needs in the Caribbean

PES Mission Statement

Our mission is to provide quality global CE/CME programs for healthcare professionals, catalyzing opportunities for collaboration with national and international colleagues, while fostering cross-cultural perspectives and partnerships in healthcare education and the delivery of quality patient care.

Seminar Overview

The changing epidemiological profile of the populations in the Caribbean Islands, with an increase in morbidity from diabetes, heart disease and cancer, poses challenges to the current public health systems. Reducing the burden of chronic disease in a multi-ethnic population also necessitates the need for healthcare practitioners to understand the importance of employing “cultural competence” in treating these diverse populations to provide quality patient care and outcomes. Addressing these current healthcare needs in the Caribbean has focused on integrating health services and delivery networks to improve access to a continuum of primary care as the best model for disease control and prevention.

We explore how these current healthcare needs are being addressed by integrating health services and delivery networks to improve patient access with a focus on primary care as the best model for disease control and prevention.

Planned In-Country Healthcare Topics Include:

- Medical/Dental Healthcare Delivery in the Caribbean
- Integrating Health Networks: Reducing Inequities in Access to Care
- Addressing Key Health Issues of the Caribbean Populations
- Impact of “Cultural Competence” in Treating Multi-ethnic Populations
- Primary Care: Prevention & Intervention Strategies for Improving Public Health

Educational Goals

Our goal is to provide unparalleled CE/CME travel opportunities for healthcare professionals that combine their most passionate destination desires with their educational goals, fostering exceptional learning experiences, friendships and connections with national and international colleagues.

- Assure that healthcare education programs provide best practice models reflecting current issues in medicine and healthcare for providing quality patient care
- Provide professional educational exchanges with international colleagues, healthcare educational organizations and clinics to gain cross-cultural perspectives and updates in the treatment and prevention of disease
- Allow medical/healthcare professionals to compare and contrast current best practices in medical/healthcare delivery to provide quality patient outcomes in their own professional setting

Learning Objectives

Keep abreast of rapid expansion of medical knowledge and current best practice models on multiple topics to facilitate change and thus provide continually excellent patient care.

Continuing Education Recognition Awards offered for healthcare professionals on this PES Program include:

Physicians: Programs are reviewed by the *American Academy of Family Physicians* for a minimum of 12 Prescribed Credit Hours.

Dentists: The *Professional Education Society* is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

The *Professional Education Society* designates this activity for a minimum of 12 continuing education credits.

Nurses: The *Professional Education Society* is approved by the California Board of Registered Nursing, Provider Number CEP 5428, for up to 15 contact hours. Although the California Board of Registered Nursing does not approve individual continuing education courses, providers are required by law to be approved by the Board. Reciprocity for continuing education hours for nurses is available in most states. Please check with your regulation board regarding requirements.

For Other Healthcare Professionals: Certificates of Attendance are issued to all participants attending credit sessions and can be submitted for credit approval to their professional board. In order to receive a Certificate of Attendance, registrants must sign-in, attend the programs and complete a program evaluation.

Tax Deduction

This healthcare seminar has been designed to comply with current IRS convention rules and deductibility requirements under Code Section 274(h)(1) as directly related to the conduct of the attendee’s profession and meeting the reasonableness standard of the foreign seminar rules. The formal meetings will be scheduled with lectures and discussions. Seminars in conference rooms, clinics or hospitals will be conducted by in-country speakers as well as distinguished faculty of the Professional Education Society.

Documentation verifying the scheduling dates, locations, hours of attendance, certificate of participation, and appropriate certificate of continuing medical, dental or nursing education will be provided at the completion of the conference. Tax deductible benefits are not guaranteed and we recommend that every attendee should consult with their Tax Consultant about their Individual situation to determine the appropriate amount and reporting of deductible expenses.
