Tahiti Cruise on Paul Gauguin

Bora Bora & the Society Islands

October 13 – 20, 2018

7-Night All-Inclusive Luxury Cruise Exploring the Best of the South Pacific

Discover paradise in French Polynesia! Join PES on a week-long journey to Tahiti, Bora Bora, and the Society Islands to indulge in white-sand beaches, swaying palm trees, and beautiful blue lagoons.

Cruise Itinerary Highlights:

- Visit **Huahine**, known as “The Garden Island” for its beautiful rainforests, dramatic terrain, and enchanting lagoon with colorful sea life
- A day on the private islet **Motu Mahana**, with white-sand beaches, palm trees, a barbecue lunch, floating lagoon bar, and drinks served in coconuts
- Explore **Bora Bora**—choice of snorkeling, diving, four-wheel-drive safari, aqua bike excursion, glass bottom boat ride, or relax on white-sand beaches
- In **Moorea**, marvel at mountain peaks, lounge near blue lagoons, and sample fresh, local cuisine

All-Inclusive Cruise Package:

- 217-member crew serving just 332 pampered guests
- Includes roundtrip airfare from Los Angeles
- State-of-the-art Watersports Marina featuring complimentary snorkel gear, kayaks, windsurfing, and water-skiing
- All shipboard meals in a choice of venues
- Complimentary beverages including fine wines, premium spirits, soft drinks, bottled water, coffee, and tea throughout the ship
- All onboard gratuities included
- \$100 shipboard credit per person

The Professional Education Society invites you to join our CME/CE Seminar for Medical, Dental, Nursing and Allied Healthcare Professionals

TREATMENT CONSIDERATIONS IN ISOLATED COMMUNITIES

PES Mission Statement: Our mission is to provide quality global CME/CE programs for healthcare professionals, catalyzing opportunities for collaboration with national and international colleagues, while fostering cross-cultural perspectives and partnerships in healthcare education and the delivery of quality patient care.

Seminar Overview/Statement of Purpose: Healthcare professionals in North America are currently faced with the challenge of both treating and preventing the ever-increasing incidence of chronic diseases such as Obesity, Diabetes and Cardiovascular disease.

The same holds true for community healthcare practitioners in French Polynesia, with additional budgetary, resource and delivery challenges. They are experiencing similar epidemiological transitions where communicable diseases are decreasing while non-communicable diseases are increasing. Confronting the challenges of providing quality patient care in the face of limited budgets and resources that impact healthcare delivery and access, is fast becoming a global issue for healthcare practitioners.

Now, more than ever, it is important for healthcare professionals to collaborate with colleagues and global counterparts to gain cross-cultural perspectives and updates in the treatment and prevention of disease. By design, this program offers opportunities for medical professionals to compare and contrast current best practices to provide quality patient care and outcomes in their own professional setting.

Planned In Country Healthcare Topics Include:

- Healthcare Delivery & Challenge in Isolated Communities
- Understanding the Stem Cell and Value of Human Fat
- Pain Management in Dentistry
- Short and Long-Term Patient Feeding Food Allergen Plan Development
- Medicine at Sea
- Travel Medicine Updates

Educational Goals: Our goal is to provide unparalleled CME/CE travel opportunities for healthcare professionals that combine their most passionate destination desires with their educational goals, fostering exceptional learning experiences, friendships and connections with national and international colleagues.

- Conduct educational healthcare programs to learn about best practice models reflecting current approaches in medicine and healthcare across different cultures for providing quality patient outcomes
- Provide professional educational exchanges with international colleagues, healthcare educational organizations and clinics to gain cross-cultural perspectives and updates in the treatment and prevention of disease
- Allow medical/healthcare professionals to compare and contrast current best practices in medical/healthcare delivery to provide quality patient outcomes in their own professional setting

Learning Objectives: Keep abreast of rapid expansion of medical knowledge and current best practice models on multiple topics to facilitate change and thus provide continually excellent patient care.

Continuing Education Recognition Awards offered for healthcare professionals on this PES Program include:

Physicians: Programs are reviewed by the *American Academy of Family Physicians* for a minimum of 12 Prescribed Credit Hours. AAFP Prescribed credit is accepted by the American Medical Association as equivalent to AMA PRA Category 1 credit(s) toward the AMA Physician Recognition Award. When applying for the AMA PRA, Prescribed credit earned must be reported as Prescribed, not as Category 1.

Dentists: The *Professional Education Society* is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

The *Professional Education Society* designates this activity for a minimum of 12 continuing education credits.

Nurses: The *Professional Education Society* is approved by the California Board of Registered Nursing, Provider Number CEP 5428, for up to 12 contact hours. Although the California Board of Registered Nursing does not approve individual continuing education courses, providers are required by law to be approved by the Board. Reciprocity for continuing education hours for nurses is available in most states. Please check with your regulation board regarding requirements.

For Other Healthcare Professionals: Certificates of Attendance are issued to all participants attending credit sessions and can be submitted for credit approval to their professional board. In order to receive a Certificate of Attendance, registrants must sign-in, attend the programs and complete a program evaluation.

Tax Deduction: This healthcare seminar has been designed to comply with current IRS convention rules and deductibility requirements under Code Section 274(h)(1) as directly related to the conduct of the attendee's profession and meeting the reasonableness standard of the foreign seminar rules. The formal meetings will be scheduled with lectures and discussions. Seminars in conference rooms, clinics or hospitals will be conducted by in-country speakers as well as distinguished faculty of the Professional Education Society

Documentation verifying the scheduling dates, locations, hours of attendance, certificate of participation, and appropriate certificate of continuing medical, dental or nursing education will be provided at the completion of the conference. Tax deductible benefits are not guaranteed, and we recommend that every attendee should consult with their Tax Consultant about their Individual situation to determine the appropriate amount and reporting of deductible expenses.
