# PATAGONIA & CHILEAN FJORDS CRUISE

## MARCH 7 - 20, 2018

USHUAIA | CAPE HORN | STRAIT OF MAGELLAN | TORRES DEL PAINE | VALPARAISO

Beagle Channel, Ushuaia

Guanacos in Patagonia, Chile

### HIGHLIGHTS

#### LEARN, EXPLORE, EXPERIENCE

- 14-day expedition cruise on Ponant Le Boréal with an included program of small group excursions with Zodiac outings to tucked-away wilderness areas with your naturalist guides
- Sail through remote channels, reaching islands virtually untouched by man; see fjords, snowcapped mountains, granite peaks, and glacial lakes
- Marvel at soaring mountains and radiant blue glaciers on an optional shore excursion to Torres del Paine National Park, a UNESCO World Heritage Site and one of the most beautiful places on Earth
- Tortel, on the mouth of the Baker River, boasts unmatched architecture: stilt houses, wooden walkways, endless stairways...
- In Puerto Montt be captivated by the incomparable beauty of the landscapes in this capital of the Lake District
- End in the legendary port of Valparaiso or opt for an optional post-cruise

The Professional Education Society invites you to join our CME/CE Seminar for Medical, Dental, Nursing and Allied Healthcare Professionals

# The Professional Education Society invites you to join our CME/CE Lecture Seminar for Medical, Dental, Nursing and Allied Healthcare Professionals

## EXPLORING THE WORLD OF MEDICINE AND DENTISTRY

**PES Mission Statement:** Our mission is to provide quality global CME/CE programs for healthcare professionals, catalyzing opportunities for collaboration with national and international colleagues, while fostering cross-cultural perspectives and partnerships in healthcare education and the delivery of quality patient care.

### Seminar Overview/Statement of Purpose:

It is important for healthcare professionals to increase education with colleagues and global counterparts by addressing global public health concerns and updates in the treatment and prevention of disease. By design, this program offers opportunities for medical professionals to compare and contrast current best practices to provide quality patient care and outcomes in their own professional setting. PES is fortunate to have both dental and medical practitioners representing a variety of specialties participating in our seminars. These sessions offer dynamic lectures and encourage participation to foster inter-professional healthcare education.

Similar to North America, Chile faces the growing prevalence of chronic diseases in an aging population, increasing costs, and insufficient prevention and health-promotion activities. These epidemiologic changes have increased demand for care, which in turn has affected the quality of care and timely access to services, at least in the large public services. Chile is also contending with substantial inequality between high-income participants in the private system and the large majority covered by social insurance and tax-funded public health services.

### Planned In Country Healthcare Topics Include:

- Community Healthcare Systems in South America: Overview
- Progress & Challenges in Health Reform: Delivery, Management, Financing
- Top Public Health Challenges & Conquests
- Health, Nutrition & the Impact of Population Change
- Population Growth & Changing Demographics
- Healthcare Delivery in Isolated Communities with Limited Resources: Impact on Medical & Dental Care
- Medicine at Sea: Common Tropical Diseases, Marine Life Hazards & Travelers' Illness

**Educational Goals:** Our goal is to provide unparalleled CME/CE travel opportunities for healthcare professionals that combine their most passionate destination desires with their educational goals, fostering exceptional learning experiences, friendships and connections with national and international colleagues.

- Conduct educational healthcare programs to learn about best practice models reflecting current approaches in medicine and healthcare across different cultures for providing quality patient outcomes
- Provide professional educational exchanges with international colleagues, healthcare educational organizations and clinics to gain cross-cultural perspectives and updates in the treatment and prevention of disease
- Allow medical/healthcare professionals to compare and contrast current best practices in medical/healthcare delivery to provide quality patient outcomes in their own professional setting

**Learning Objectives:** Keep abreast of rapid expansion of medical knowledge and current best practice models on multiple topics to facilitate change and thus provide continually excellent patient care.

### Continuing Education Recognition Awards offered for healthcare professionals on this PES Program include:

**Physicians:** Programs will be reviewed by the *American Academy of Family Physicians* for a minimum of 16 Prescribed Credit Hours. AAFP Prescribed credit is accepted by the American Medical Association as equivalent to AMA PRA Category 1 credit(s) toward the AMA Physician Recognition Award. When applying for the AMA PRA, Prescribed credit earned must be reported as Prescribed, not as Category 1.

**Dentists:** The *Professional Education Society* is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

The *Professional Education Society* designates this activity for a minimum of 16 continuing education credits.

**Nurses:** The *Professional Education Society* is approved by the California Board of Registered Nursing, Provider Number CEP 5428, for up to 16 contact hours. Although the California Board of Registered Nursing does not approve individual continuing education courses, providers are required by law to be approved by the Board. Reciprocity for continuing education hours for nurses is available in most states. Please check with your regulation board regarding requirements.

**For Other Healthcare Professionals:** Certificates of Attendance are issued to all participants attending credit sessions and can be submitted for credit approval to their professional board. In order to receive a Certificate of Attendance, registrants must sign-in, attend the programs and complete a program evaluation.

**Tax Deduction:** This healthcare seminar has been designed to comply with current IRS convention rules and deductibility requirements under Code Section 274(h)(1) as directly related to the conduct of the attendee's profession and meeting the reasonableness standard of the foreign seminar rules. The formal meetings will be scheduled with lectures and discussions. Seminars in conference rooms, clinics or hospitals will be conducted by in-country speakers as well as distinguished faculty of the Professional Education Society

Documentation verifying the scheduling dates, locations, hours of attendance, certificate of participation, and appropriate certificate of continuing medical, dental or nursing education will be provided at the completion of the conference. Tax deductible benefits are not guaranteed and we recommend that every attendee should consult with their Tax Consultant about their Individual situation to determine the appropriate amount and reporting of deductible expenses.
