

The Professional Education Society invites you to join our CME/CE Seminar for Medical, Dental, Nursing and Allied Healthcare Professionals

Taiwan, Philippines, Borneo & Indonesia Taipei to Bali on Crystal Endeavor September 29 – October 15, 2020

Expedition Voyage Uncovering Asia's Most Exotic Islands on the Endeavor's Inaugural Season

Join PES for a 16-night island-hopping journey through Southeast Asia. Experience mesmerizing beauty from jungle treks in Malaysia and the misty valley views of Indonesia to unexplored beaches in the Philippines.

Cruise Itinerary Highlights:

- Explore **Taroko Gorge** a 12-mile-long river canyon featuring a picturesque temple built over a cascading waterfall
- See **Hundred Islands National Park**, a collection of 124 emerald islets and a wonderland for snorkeling and bird-watching
- Discover white-sand beaches, blue lagoons, and coral reefs in **El Nido**
- Visit orphaned orangutans at the **Orangutan Rehabilitation Center**
- Spend a day in **Torjaland**, an indigenous mountain village
- Dive deep at the **Sumur Ikan Dive Site** for a great diversity of sea life
- Witness the world's largest lizards at **Komodo Island National Park**
- Disembark in **Bali**, a paradise of jungles, volcanoes, and temples

All-Inclusive Cruise Package:

- Expansive all-suite, all-balcony, butler-serviced accommodations
- Award-winning, Michelin-inspired cuisine served in multiple open-seating venues and 24-hour room service
- Unlimited fine wines, champagne, beer, and premium spirits, plus fresh juices, bottled water, soft drinks, specialty coffees, and tea
- Onboard entertainment, expedition lectures, enrichment programs, and a watersports marina with kayaks and snorkeling gear, plus a collection of complimentary Crystal Expedition Adventures
- Luxurious and contemporary public spaces including a 2-story solarium, plus 18 zodiacs, a submersible, and 2 helicopters
- Included gratuities and unlimited Wi-Fi

**The Professional Education Society invites you to join our CME/CE Lecture Seminar
for Medical, Dental, Nursing and Allied Healthcare Professionals
CONFRONTING MEDICAL & DENTAL HEALTHCARE NEEDS**

PES Mission Statement: Our mission is to provide quality global CME/CE programs for healthcare professionals, catalyzing opportunities for collaboration with national and international colleagues, while fostering cross-cultural perspectives and partnerships in healthcare education and the delivery of quality patient care.

Seminar Overview/Statement of Purpose:

The large number of islands that make up the Philippines, Borneo and Indonesia and their dispersion over a wide area has given rise to a diverse culture and hundreds of ethnic groups. Delivering quality healthcare across multicultural groups and locales with an increasing incidence of non-communicable diseases is an ongoing challenge.

Similarly, the US population is becoming more ethnically diverse, and the occurrences of non-communicable diseases such as cancer, cardiovascular disease, and diabetes are increasing. Exploring solutions to these challenges with in-country professionals provides opportunities for practitioners to enhance healthcare delivery models and best practices to prevent and control disease in cross-cultural environments.

Planned in Country Healthcare Topics Include:

- National Healthcare Delivery Systems in Indonesia: Medical & Dental
- Confronting Healthcare Issues in Isolated Communities
- Mental Health Care Challenges in Underserved Populations
- Emerging Healthcare Issues: Changing Demographics & Chronic Disease Patterns
- Cross-Cultural Competency & Healing: Strategies and Traditional Approaches
- Emergency Healthcare Delivery: Tsunamis & Beyond
- Non-Communicable Diseases: Prevention & Treatment
- Shipboard Medicine: Common Cases/Challenges Encountered

Educational Goals: Our goal is to provide unparalleled CME/CE travel opportunities for healthcare professionals that combine their most passionate destination desires with their educational goals, fostering exceptional learning experiences, friendships and connections with national and international colleagues.

- Conduct educational healthcare programs to learn about best practice models reflecting current approaches in medicine and healthcare across different cultures for providing quality patient outcomes
- Provide professional educational exchanges with international colleagues, healthcare educational organizations and clinics to gain cross-cultural perspectives and updates in the treatment and prevention of disease
- Allow medical/healthcare professionals to compare current best practices in medical/healthcare delivery to provide quality patient outcomes in their own professional setting

Learning Objectives: Keep abreast of rapid expansion of medical knowledge and current best practice models on multiple topics to facilitate change and thus provide continually excellent patient care. By design, this program permits medical experts to collaborate with colleagues and international counterparts to realize cross cultural view points and updates within the treatment and prevention of disease and offers opportunities to compare and contrast current best practices to supply quality patient care and outcomes in their own professional setting.

Continuing Education Recognition Awards offered for healthcare professionals on this PES Program include:

Physicians: Programs are reviewed by the *American Academy of Family Physicians* for a minimum of 15 Prescribed Credit Hours. AAFP Prescribed credit is accepted by the American Medical Association as equivalent to AMA PRA Category 1 credit(s) toward the AMA Physician Recognition Award. When applying for the AMA PRA, Prescribed credit earned must be reported as Prescribed, not as Category 1.

Dentists: The *Professional Education Society* is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

The *Professional Education Society* designates this activity for a minimum of 15 continuing education credits.

Nurses: The *Professional Education Society* is approved by the California Board of Registered Nursing, Provider Number CEP 5428, for up to 15 contact hours. Although the California Board of Registered Nursing does not approve individual continuing education courses, providers are required by law to be approved by the Board. Reciprocity for continuing education hours for nurses is available in most states. Please check with your regulation board regarding requirements.

For Other Healthcare Professionals: Certificates of Attendance are issued to all participants attending credit sessions and can be submitted for credit approval to their professional board. In order to receive a Certificate of Attendance, registrants must sign-in, attend the programs and complete a program evaluation.

Tax Deduction: This healthcare seminar has been designed to comply with current IRS convention rules and deductibility requirements under Code Section 274(h)(1) as directly related to the conduct of the attendee's profession and meeting the reasonableness standard of the foreign seminar rules. The formal meetings will be scheduled with lectures and discussions. Seminars in conference rooms, clinics or hospitals will be conducted by in-country speakers as well as distinguished faculty of the Professional Education Society.

Documentation verifying the scheduling dates, locations, hours of attendance, certificate of participation, and appropriate certificate of continuing medical, dental or nursing education will be provided at the completion of the conference. Tax deductible benefits are not guaranteed, and we recommend that every attendee should consult with their Tax Consultant about their Individual situation to determine the appropriate amount and reporting of deductible expenses.
