# The Professional Education Society invites you to join our CME/CE Lecture Seminar for Medical, Dental, Nursing and Allied Healthcare Professionals

## SLEEP MEDICINE, DENTISTRY & EFFECTIVE PLANNING FOR HEALTHY AGING

**PES Mission Statement:** Our mission is to provide quality global CME/CE programs for healthcare professionals, catalyzing opportunities for collaboration with national and international colleagues, while fostering cross-cultural perspectives and partnerships in healthcare education and the delivery of quality patient care.

### Seminar Overview/Statement of Purpose:

Healthcare practitioners are currently faced with the challenges of both treating and preventing the ever-increasing incidence of chronic diseases. The need to adapt best practice models in the context of emerging healthcare reforms impacting patient care delivery and access to care is an important issue for all healthcare practitioners. PES is fortunate to have dental and medical practitioners representing a variety of specialties participating in the CME/CE sessions. PES understands the importance of offering inter-professional healthcare education, allowing colleagues to gain cross-specialty perspectives and updates in the treatment and prevention of disease.

More than 70 million Americans experience fatigue, irritability, depression, inability to concentrate, memory problems, loss of productivity and auto or workplace accidents, primarily due to sleep disorders. These symptoms affect many aspects of your life and if left untreated, some sleep disorders may increase the risk of high blood pressure, heart attack or stroke. The course will educate healthcare providers on sleep disorders as the physician typically bears the burden of diagnosis, however, dentists, psychologists and respiratory therapists are usually involved. The course will also educate healthcare providers on how to comfortably communicate the importance of advance care planning and describe the steps of the advance care planning process.

### Planned in Country Healthcare Topics Include:

- Healthcare System in Egypt: Medicine & Dentistry
- Introduction to the Basics of Sleep Physiology
- Bone Grafting Options for Dental Implantology
- Medical Conditions in the Mouth and TMJ Regions
- Practice Transitions
- Gene Editing
- Short and Long-Term Patient Feeding Food Allergen Plan Development

**Educational Goals:** Our goal is to provide unparalleled CME/CE travel opportunities for healthcare professionals that combine their most passionate destination desires with their educational goals, fostering exceptional learning experiences, friendships and connections with national and international colleagues.

- Conduct educational healthcare programs to learn about best practice models reflecting current approaches in medicine and healthcare across different cultures for providing quality patient outcomes
- Provide professional educational exchanges with international colleagues, healthcare educational organizations and clinics to gain cross-cultural perspectives and updates in the treatment and prevention of disease
- Allow medical/healthcare professionals to compare current best practices in medical/healthcare delivery to provide quality patient outcomes in their own professional setting

**Learning Objectives:** Keep abreast of rapid expansion of medical knowledge and current best practice models on multiple topics to facilitate change and thus provide continually excellent patient care. By design, this program permits medical experts to collaborate with colleagues and international counterparts to realize cross cultural view points and updates within the treatment and prevention of disease and offers opportunities to compare and contrast current best practices to supply quality patient care and outcomes in their own professional setting.

### Continuing Education Recognition Awards offered for healthcare professionals on this PES Program include:

**Physicians:** Programs are reviewed by the *American Academy of Family Physicians* for a minimum of 14 Prescribed Credit Hours. AAFP Prescribed credit is accepted by the American Medical Association as equivalent to AMA PRA Category 1 credit(s) toward the AMA Physician Recognition Award. When applying for the AMA PRA, Prescribed credit earned must be reported as Prescribed, not as Category 1.

**Dentists:** The *Professional Education Society* is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

The *Professional Education Society* designates this activity for a minimum of 14 continuing education credits.

**Nurses:** The *Professional Education Society* is approved by the California Board of Registered Nursing, Provider Number CEP 5428, for up to 14 contact hours. Although the California Board of Registered Nursing does not approve individual continuing education courses, providers are required by law to be approved by the Board. Reciprocity for continuing education hours for nurses is available in most states. Please check with your regulation board regarding requirements.

**For Other Healthcare Professionals:** Certificates of Attendance are issued to all participants attending credit sessions and can be submitted for credit approval to their professional board. In order to receive a Certificate of Attendance, registrants must sign-in, attend the programs and complete a program evaluation.

**Tax Deduction:** This healthcare seminar has been designed to comply with current IRS convention rules and deductibility requirements under Code Section 274(h)(1) as directly related to the conduct of the attendee's profession and meeting the reasonableness standard of the foreign seminar rules. The formal meetings will be scheduled with lectures and discussions. Seminars in conference rooms, clinics or hospitals will be conducted by in-country speakers as well as distinguished faculty of the Professional Education Society.

Documentation verifying the scheduling dates, locations, hours of attendance, certificate of participation, and appropriate certificate of continuing medical, dental or nursing education will be provided at the completion of the conference. Tax deductible benefits are not guaranteed, and we recommend that every attendee should consult with their Tax Consultant about their Individual situation to determine the appropriate amount and reporting of deductible expenses.
